

Lab 20: Understanding & Implementing Parallel Projection in 3D

Assignment Date: February 12th, 2026

Deadline: February 21st, 2026

Class: CSIT 3rd Semester, New Summit College

Subject: Computer Graphics

Submission Mode: **Handwritten Document** (Print Output Section only)

Objective: Understanding & Implementing Parallel Projection in 3D

Tasks:

1. Understand the basics of the Parallel Projection in 3D
2. Write a Program for the Parallel Projection in 3D
3. Analyze the output and prepare a conclusion.

Report Format & Structure (Topics to include for submission):

- Index Page
- Theory:
 - a. Parallel Projection in 3D
 - b. Algorithm of Parallel Projection in 3D
- Program for Parallel Projection in 3D
- Implementation/Output (You need to label the **Convex Hull with dotted lines** along with identified curve points clearly in the output image presented)
- Conclusion
